## **WHY TAXBACK INTERNATIONAL?**

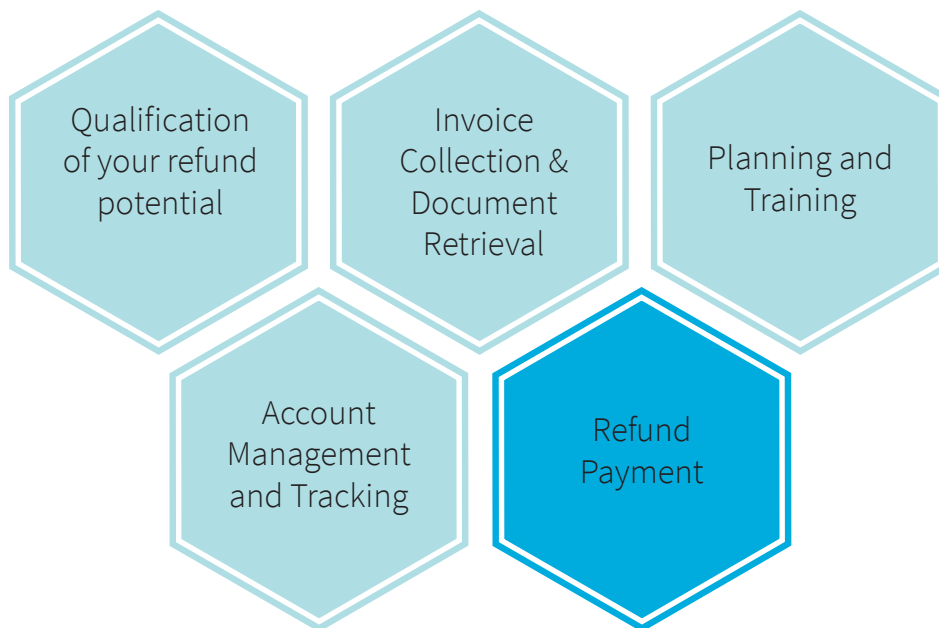

*"We found Taxback International to be a very beneficial partner to work with in respect of VAT reclamation and also in the area of VAT compliance. Avery Dennison is fairly complex in relation to legal entities having multiple VAT registrations and Taxback International have helped us recover VAT that would otherwise have been lost. They have been responsive to our sometimes changing requirements and have gone the extra mile when faced with very tight deadlines. We also used Taxback International for a specific project in Poland and their support and drive in this project was critical to its ultimate success."*
